☞ In the proceedings of the House of Representatives, on Tuesday last, the following item occurs:—

"Mr. Singleton, of Mississippi, while advocating the adoption of the Lecompton Constitution expressed his belief that there were *members of the House who have stolen slaves from their masters.*"

We shouldn't wonder! But the "members" referred to, do not live North of Mason & Dixon's line. They are chivalrous gentry of Slaveland, who rob mothers of their children, and wives of their husbands, and put them upon the auction block.

They are the pious souls who insist that Slavery is a God-appointed institution, and "the corner-stone of our political edifice,"—as the late Gov. George McDuffie, of South Carolina, said, in a message to his State Legislature.

They hold to the propriety and justice of laws which systematically and constantly shut out of school all children of a certain complexion, and then punish them severely for their ignorance—which expose a million and a half of females to the grossest personal outrages; and then refuse to allow them or their relatives to testify in courts of justice in their behalf—and which openly authorize the daily and life-long robbery of Three or Four Millions of People of all their earnings.

Who can wonder that *such* "members of the House have stolen slaves from their masters?" *We can't.*

The Belvidere woolen company is now engaged in the manufacture of flannel for the new Balmoral or scarlet petticoat.—*Exchange paper.*

'Well, vot of it?' Suppose the "Belvidere Co." is actually engaged in the manufacture of that particular fabric, and for that particular purpose—what is there, in that particular fact, worthy of being blazoned by the press?

It might be taken for granted, by any body but the veriest noodles, that there is nothing alarming, or even extraordinary, in the manufacture of flannel by a woolen company; and if the women folks choose to employ that kind of stuff for garments of any kind—what business is it to noodles, or any body else?

Have not women the same right to select their own apparel, that men have to select their's? Does not this clear and equitable right, indeed, extend as well to the shape and fashion of female clothing, as to the color and fabrics to be worn? Who, then, except confested noodles, will arraign this or any other costume which sensible women choose deliberately to adopt?

If fools would ever learn wisdom, they might be expected, some time or other, to attend more to their own proper affairs, and let other people's alone.

Religious Intelligence.

The religious interest in our city continues without abatement. The morning and afternoon prayer meetings are crowded, as have been the evening services in the various places opened for preaching, or conference and prayer. A business men's prayer meeting was commenced on Monday in Franklin Hall, and has been well attended. It begins at 12 o'clock, and continues three quarters of an hour. At several of the meetings, remarkable instances of conversion have been related.

In Warren, the religious interest is increasing, and every day new cases of conversion are announced. It has taken hold of all ranks in society. Many, by some supposed to be incorrigible, have been aroused from their slumbers and are crying out, "What shall we do to be saved?" In the Methodist Church, (Rev. Mr. Butler,) more than one hundred have found peace in believing. Every evening the prayers of the congregation are desired for some applicant for admission within the fold. The Baptist Church, (Rev. Mr. Chace,) is also enjoying a very refreshing season. The large lecture room is nightly filled, and the seekers after truth are on the increase. Since the present revival first manifested itself, some twenty-five or thirty have been baptized, and some forty or fifty others are waiting to go forward in the path of duty. The interest in the Episcopal Church (Rev. Mr. Maxcy) begins to manifest itself. There have been many hopefully converted, and there is manifestly a growing interest among the congregation.—*Providence Journal.*

In the Church of Reuil, in France, a grateful sarcophagus is now finished to enshrine the ashes of Queen Hortense, who sleeps on one side of the altar, the Empress Josephine having her resting place opposite.

LOCAL NEWS.

A BREAKDOWN.—The power press on which the DAILY NEWS is printed having broke down yesterday morning, we were obliged to commence printing this morning's edition of our paper on hand presses last evening and consequently have not been able to furnish news of so late a date as usual. Other matters have also been unavoidably delayed.

CORRESPONDENCE.

[From our Washington Correspondent.]
WASHINGTON CITY, Friday, March 26.

IN THE SENATE, the discussion on the Minnesota bill is principally in reference to the number of Representatives to which the new State will be entitled—whether she shall be restricted to one Representative, in accordance with the enabling act and an imperfect official census, or be allowed more, in accordance with elections of the people and unofficial reports of population. The precedent established in the Kansas case prognosticates a decision of the question according to *the strict letter of the law, and the official record.*

IN THE HOUSE, it has been suggested that the Kansas bill be taken up on Thursday next with the view of bringing it to a final vote. But I is thought by many knowing ones here, that there are too many "big speeches" still pending in that body, on so popular and prolific a theme, to admit of so early a disposition of the question.

THE MAMMOTH STEAM FAN for ventilating the new Hall of Representatives is now completed and works well.

THE GREAT CHANDELIER in the Senate Chamber is to be lighted to-morrow evening, before a public audience, by "Gardner's patent galvano-electric lighting apparatus."

THE SAUK RAPIDS LAND OFFICE, Minnesota, is to be removed to St. Cloud, in that territory, on the 19th of April next.

A PENSION CERTIFICATE has just been issued to the widow of the late Commander Herndon. The *Star* suggests the passage of a *special* act of Congress for the relief of this lady and her orphan children, more commensurate with the cited features of the case.

THE EDITOR OF THE "STATES," in response to an enquiry of the Montgomery (Ala.) Confederation, expresses the opinion, formed at the time of his connexion with the "Union," under the Polk Administration, that the reason of Santa Anna's return to Mexico, with the consent of our Government, pending our late war with that country, was that he might frustrate a scheme that was on foot between the Monarchists of Mexico and the Cabinets of France and Spain, to establish a monarchical government in the country, and place scions of the royal families of the latter two countries on the new American throne.

GEN. DUFF GREEN, in a reminiscence of a column and a quarter in the *States*, asserts that Senator Ninian Edwards, of Illinois was the originator of the Missouri Compromise, instead of Mr. Clay.

SENATOR GREEN, of Missouri, from his prominent participation in the late Kansas discussion in the Senate, is now looked upon as the leader of the Administration party, in that body.

DEBOW'S PRESS, here, says: "The Philadelphia Press is in error in regard to the condition of Thos. Washington Smith. He is at this moment in our service, and has been for several weeks, and in every respect gives evidence of an entire restoration of mental and physical health."

SPECTATOR.

NEW BEDFORD, March 27, 1858.

EDITOR OF THE NEWS:—The subject of Temperance has been agitated in our midst considerably during the present religious excitement. The idea of petitioning the City Authorities was strongly talked of a week or two ago, but I understand, it has been abandoned in favor of moral suasion, which is, certainly, a more sensible view of the matter, in these religious times, as it is based upon the LAW of LOVE. When will people learn that persuasion is mightier than coercion, that the voice of encouragement finds a deeper echo in the heart, than the look of contempt and the thunders of reproof? I wish more of the sermons and lectures and books and newspaper articles abounded with incidents proving the omnipotence of kindness. Every man, no matter, how degraded, possesses a human heart that can be reached and softened by the same means that will reach & soften our own. We are saved from being and doing as bad as other men whom we look upon with disdain, by outward circumstances for which we deserve no credit. There are three brothers in a family, two of whom are smart and intelligent; the third might have been as smart as they, but in his younger days when playing "hide-and-go-seek" he fell from a fence on his head and was ever after puny and stupid. There is a young man who is considered a paragon of excellence by everybody; his brother was equally as moral and kind hearted when he was under the parental roof and was surrounded by the atmosphere of a mother's and sister's love; but his father procured him a situation in some great city where he was brought into temptations too fiery for him to withstand; he surrendered his principles in an unguarded moment—his employer turned him out of employment—his kindred and friends treated him coldly, and he finally became a miserable drunkard. Now was he not the creature of circumstances? Had society no hand in bringing about this result? Certainly it had and the great merciless machine we call Society is killing thousands every day in the same manner. When the erring one needs encouragement he receives correction, when he should be approached with timely and loving words he is denounced and rebuked and scandalized. Society has not yet been brought to the belief that the great panacea for all the disorders and evils in the Universe is LOVE; and so it has gone jogging on for thousands of years endeavoring to overcome evil *with* evil; with awful results as the condition of things all around us plainly testifies. Our Saviour who knew precisely what there was in man nearly 2000 years ago proclaimed that evil could be *overcome only* with *good*. If we believe in this holy doctrine where is it written on the heartless actions of society?

But to return to the subject of temperance, by which I have been led into the train of remarks above. Every sensible person should be plainly convinced that no law is so well adapted to adjust and control the sale of intoxicating drinks as a stringent LICENSE LAW. During the time the Maine Liquor Law has *disgraced* the Statute book of Massachusetts, it has proved itself the greatest ally of drunkenness that human ingenuity could invent. It is false in principle and feeble in practice. It attempts too much and effects too little, and being too far ahead or too far behind public sentiment, it has no application to the wants of the present day. What vile and diabolical decoctions it has been the cause of introducing into the market!

If you increase the burdens, you drive the vendors of an article to resort to innumerable expedients to protect them against its severity. If an evil cannot be suppressed, it is far better to adopt such measures, that it can be in a measure controlled. The present drugged liquors with which the market is flooded has sent thousands to a premature grave. A tippling shop is a regular *powder magazine*, and should be watched over by respectable men who can be relied upon. It needs as much to be periodically examined by a board of inspectors as a rickety steamboat.

The introduction of Lager Bier into this city about two years ago, has proved an important ally of Temperance. Hundreds, who were daily in the habit of drinking liquors, now make this their sole beverage. Charles Deha, a German, deserves a liberal reward from this city, for having induced our people to abandon hot and rebellious liquors, for sweet and healthful Lager. There are a number of these establishments of this kind here now: Deha's under Liberty Hall, and Wm. Gans, 25 Middle st. are considered the most genteel and comfortable resorts. I say this for the information of your readers journeying this way:—

"Far better than wine,
Or brandy fine,
Inflaming throat and liver;
Is the Lager Bier,
Like amber clear,
With a six-pence to the giver."

Yours &c.,
ICHABOD

SUMMARY OF CONVERSIONS.—The Examiner of this week says:—

"Our revival summary for three weeks past, though imperfect, of necessity, shows a great advance. Over seventeen thousand conversions are therein specified, and the ingathering on probation and otherwise, reported in our Methodist exchanges during the same period, amounts, by our own count, to over twenty thousand more."

The summary specifies the following conversions:—Maine, 411; New Hampshire, 82; Vermont, 341; Massachusetts, 2,574; Rhode Island, 357; Connecticut, 795; New York, 2,386; Pennsylvania, 1,746; New Jersey, 698; Delaware, 40; District of Columbia, 21; Maryland, 9; Ohio, 1,148; Indiana, 737; Illinois, 1,116; Michigan, 601; Wisconsin, 465; Iowa, 278; Minnesota, 388; Missouri, 424; Kentucky, 498; Tennessee, 711; Virginia, 295; other States, 177; British Provinces, 287.

One day at the table of the Dean of Ely, just as the cloth was being removed, the subject of discourse happened to be that of an extraordinary mortality among the lawyers. "We have lost," said a gentleman, "not less than six eminent barristers in as many months." The Dean, who was quite deaf, rose as his friend finished his remarks, and gave the company grace—"For this and every other *mercy*, the Lord's name be praised." The effect was irresistible.

PROCRASTINATION.—Near the close of his life, Patrick Henry laid his hand on the Bible, and said to a friend, "Here is a book worth more than all others; yet it is my misfortune never to have read it with proper attention until lately." William Pitt when he came to die, said: "I fear that I have, like many others, neglected my religious duties too much to have any ground to hope they can be efficacious on my death bed."

PERTINENT TO THE TIMES.—An old tippler was induced to sign the temperance pledge which he kept religiously for some weeks. At last, he got deeply laden, and one of his friends remonstrated with him for his faithlessness to his obligations. He answered, "To be sure, I signed the pledge, but I was tremendously dry, and all signs fail in a dry time.

The Postmaster of Burlington, Vt. has sued for libel, the publishers of the *Daily Free Press*, for copying from the Blue Book, the amount of the salaries of the said Postmaster and his clerks, and the amounts paid him by the Government for purchasing fuel and advertising.

WASHINGTON, Saturday, March 27.

The Senate is not in session.

HOUSE.

The House proceeded to the consideration of the report of the special committee in regard to the Matteson case, which concludes with a resolution that it is inexpedient to take further proceedings in regard to the resolution for his expulsion.

Mr. Seward, of Ga., argued in favor of the views contained in the report. The House has, by the Constitution, power to punish a member for disorderly conduct, and, by a vote of two-thirds, may expel a member, but it never was designed that a charge should be raised at a subsequent Congress, because there is no power to limit or restrict the sovereignty of the people in the choice of their representatives.

Mr. Craige of N. C. asked whether any legislative body has the right to protect itself against scoundrelism, and against association with a man whose reputation is infamously corrupt?

Mr. Seward replied that there was so much diversity of opinion as to what constitutes a gentleman, that he should like Mr. Craige to fix the legal standard.

Mr. Craige said the House could protect itself when a man's character is pronounced infamous, and about which there was no diversity of opinion.

Mr. Seward remarked that he was not here as a prosecutor or defender of Mr. Matteson, but was endeavoring to explain the law as he understood it. He asked Mr. Craige to put his finger on the record to show that Mr. Matteson was interested one cent in the transactions investigated by the previous Congress.

Mr. Craige said that by universal consent Mr. Matteson was not a fit associate for any man.

Mr. Seward observed that the gentleman from North Carolina was not bound to associate with Mr. Matteson any more than he was. There is nothing to show that Matteson was engaged in bribery or was bribed. If he had libelled the House he might be tried under the criminal law.

Providence, July 30, 1857.

C. A. P. Mason,—Dear Sir—I am now using the Alpine Hair Balm, which I had of you, with most happy results. On the 30th of June last, my hair (which had been gray for more than six years) was fast falling out; but on the third application of the Balm it ceased falling, and is now firmly rooted, and very nearly its original color. By the use of one bottle, I confidently expect a complete, permanent, luxurious and original head of hair. If every gray haired skeptic would *try it*, they would soon become "living epistles, known and read of all men," as having used the Alpine Hair Balm. Yours, &c.

TESTIMONY OF A LADY OVER 50 YEARS OF AGE.

Mr Mason, Sir—I write to inform you how pleased I am with your Alpine Hair Balm.—My hair has been gray for a number of years, and I have been obliged to wear a front piece and cap; but have always found a difficulty when having a bonnet on to keep the front piece from working back and showing the white hair. Finally I concluded I would try your Alpine Hair Balm, I used one bottle only and my hair has come back to its natural color, which was brown. My hair is now perfectly free from dandruff and is soft and silky.

Very respectfully, SARAH LYON.

A BEAUTIFUL HEAD

OF

RICH GLOSSY HAIR

COMPLETELY PRESERVED

TO THE GREATEST AGE

And who that is grey would not have it restored to former color? or bald, but would have the growth restored, or troubled with dandruff and itching but would have it removed, or troubled with scrofula, scald head, or other eruptions, but what would be cured, or with sick headache, (neuralgia) but would be cured? It will also remove all pimples from the face and skin. Prof. Wood's Hair Restorative will do all this. See circular and the following.

ANN HARBOR, November 5, 1856.

PROF. O. J. WOOD—Dear Sir: I have heard much said of the wonderful effects of your Hair Restorative, but having been so often cheated by quackery and quack nostrums, hair dyes, &c., I was disposed to place your Restorative in the same category with the thousand and one loudly trumpeted quack remedies, until I met you in Lawrence county some months since, when you gave me such assurance as induced the trial of your Restorative in my family—first by my good wife, whose hair had become very thin and entirely white, and before exhausting one of your large bottles, her hair was restored nearly to its original beautiful brown color, and had thickened and become beautiful and glossy, upon, and entirely over the head; she continues to use it, not simply because of its bestifying effects upon the hair, but because of its healthful influence upon the head and mind. Others of my family and friends are using your Restorative, with the happiest effects; therefore, my skepticism and doubts in reference to its character and value are entirely removed; and I can and do most cordially and confidentially recommend its use by all who would have their hair restored from white or grey (by reason of sickness or age,) to original color and beauty, and by all young persons who would have their hair beautiful and glossy.

Very truly and gratefully yours,

SOLOMON MANN.

FRIEND WOOD:—It was a long time after I saw you at Blisfield before I got the bottle of Restorative for which you gave me an order upon your agent in Detroit, and when I got it we concluded to try it on Mrs. Mann's hair, as the surest test of its power. It has done all that you assured me it would do; and others of my family and friends, having witnessed its effects, are now using and recommending its use to others as entitled to the highest consideration you claim for it.

Again, very respectfully and truly yours,

SOLOMON MANN.

CARLYLE, ILL., June 28, 1852.

I have used Prof. O. J. Wood's Hair Restorative, and have admired its wonderful effects. My hair was becoming, as I thought, prematurely gray, but by the use of his Restorative it has resumed its original color, and, I have no doubt, permanently so.

INVIGORATOR.

PREPARED BY DR. SANFORD.

Compounded Entirely from Gums,

Is One of the best Purgative and Liver Medicines now before the public, that acts as a Cathartic, easier, milder, and more effectual than any other medicine known. It is not only a Cathartic, but a Liver remedy, acting first on the Liver to eject its morbid matter, then on the stomach and bowels to carry off that matter, thus accomplishing two purposes effectually, without any of the painful feelings experienced in the operations of most Cathartics. It strengthens the system at the same time that it purges it; and when taken daily in moderate doses, will strengthen and build it up with unusual rapidity.

The Liver is one of the human body; and when in the powers of this system are in disorder, entirely dependent Liver for the proper performance of its duty, the health of the system follows, and the whole body becomes affected in consequence. The disease of the Liver is the disease of that organ, and the principal function of which is to secrete the bile from the blood. Hence the importance of a healthy action of the Liver, and the evil consequences when it does not do so. Nothing is more desirable to such patients than solitude, and nothing they more Dread for fear of themselves; no repose manner, no earnestness, no speculation, manner, no earnestness, no speculation, but a hurried transition from one question to another.

These symptoms, if allowed to go on—which this medicine invariably removes—soon follows Loss of Power, Paralysis, and Epileptic Fits—in one of which the patient may expire. Who cannot say that these excesses are not frequently followed by those direful diseases of *Insanity and Consumption!* The records of the *Insane Asylums*, and the melancholy deaths by *Consumption*, bear ample witness to the truth of these assertions. In Lunatic Asylums the most melancholy exhibition appears. The countenance is actually sodden and quite destitute—neither mirth or grief ever visits it. Should a sound of the voice occur it is rarely articulate

"With woful measures wan despair
Low sullen sounds his grief beguiled."

AMERICAN AND FOREIGN OFFICE.

R. H. EDDY, Solicitor of PATENTS
(Late Agent of U. S. Patent Office, Washington, under the Act of 1837.)
NO. 76 STATE, OPPOSITE KILBY ST., BOSTON.

AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries—Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

This Agency is not only the largest in New England, but through its inventors have advantages for securing patents, or ascertaining the patentability of inventions, in surpassed by if not immeasurably superior to any which can be offered them elsewhere. The testimonials below give proof that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past has enabled him to accumulate a set of collections, specifications and official decisions relative to patents. These, besides his extensive library on legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

During the time I occupied the office of Commissioner of Patents, R. H. Eddy, Esq., of Boston did business at the Patent Office, as Solicitor of procuring Patents. There were few, if any persons acting in that capacity, who had so much business before the Patent Office; and there were none who conducted it with more skill, fidelity and success. I regard Mr. Eddy as one of the most informed and most skillful Patent Solicitors in the United States, and have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of getting their applications in a form to secure for them an early and favorable consideration at the the Patent Office.

EDMUND BURKE,
Late Commissioner of Patents

From the present Commissioner.

Aug. 17th, 1857.—During the time I have held the office of Commissioner of Patents R. H. Eddy, Esq., of Boston, has been extensively engaged in the transaction of business with the office, as a solicitor. He is thoroughly acquainted with the law, and the rules of practice of the Office. I regard him as one of the most capable and successful practitioners with whom I have had official intercourse.

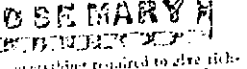
J. RUSSELL SPALDING'S



Combines everything required to give richness, beauty and elegance to the hair. It removes dandruff and relieves heads itch. To force the growth to prevent falling off, and restore hair to bald places it has been used with positive success. It is put up and sold to the public in an open, candid manner, stating, as the name indicates, the leading ingredients, viz:—

Rosemary and Castor Oil,

both rare in and well known articles.

The following persons can be found, and are well known. We give a few extracts from their opinions about the

ROSEMARY.

ABRAM A. TEVAN, Esq., Rotterdam, N. Y., writes—"Am 77 years of age, and I had till 35 years, I have used two bottles of your Rosemary, and my hair is now two inches long."

REV. SYLVANUS COBB, Boston, Mass.—"We had rather pay for it than have other preparations for nothing." &c.

MRS. D. TAFT, Cambridge, Mass.—"Have used your Rosemary with great success. It keeps my hair black, as age is turning it fast."

MRS. DANIEL B. CONNOR, Boston, Mass.—"Eight months ago I was bald—my hair is now long and healthy—I know your Rosemary has caused it to grow." &c.

OSCAR B. DODGE, Esq., Vocalist, now of Cleveland, Ohio—"It gives a rapid growth and dark glossy texture, and does not soil the hat or pillow as the least; I know of nothing so valuable for the hair."

FRANCIS ADAMS, Esq., Boston, Mass.—"It is the best thing for children's hair—the [illegible] and dressed with it." &c.

REV. C. W. TENISON, Buffalo, N. Y.—"I find it excellent for the hair."

MRS. J. SWEENY, Boston, Mass.—"It restored my hair to bald head, and from grey to their color." &c.

HON. E. HERT, Lowell, Mass.—"To remove dandruff, and keep the hair in list and glossy, we have never found anything so good."

M. HOFFMAN, Esq., (Editor of German Weekly,) Boston, Mass., and his wife Eva, say—"It causes hair to grow vigorously—gives beauty and splendor—is better than Europe is authority." &c.

C. H. STOCKING, sq. (Trinity College,) Hartford, Ct.—"By using it my hair turned from a sandy to a brown color; it was naturally dry, but it is now moist."

A. F. WOOD, Chemist, New Haven, Conn.—"I saw a fair head of very dark hair on a man that six weeks ago was bald. He had used nothing but your Rosemary." &c.

REVERE HOUSE, Boston, July, 1857.—"I had no more hair on my head than an infant, seven months ago. It is now a thick, healthy, growing rapidly, and of a fine, dark color. I can positively say that J. RUSSELL SPALDING'S Rosemary, which I at 27 Tremont street, opposite the Museum, has produced this change."—SARAH J. LORD.

LOTTERIES.

Maryland State Lotteries.
F. FRANCE & CO., MANAGERS.

CAUTION NOTICE.

PERSONS living at a distance should be extremely cautious of whom they order Lottery Tickets or Certificates of Packages of Lottery Tickets in this country is flooded with bogus Tickets. The country is flooded with bogus and swindling Lotteries. Every inducement is held out to get persons to invest money in these Capital Prizes of from $20,000 to $10,000 have their schemes—with tickets at One Dollar. $10,000 Capital Prizes are offered, tickets $5. All such, in every instance, are frauds; and if money is sent to them for tickets, it is so much thrown away without the chance of a Share of getting a prize. Beware of all Lotteries where the Capital Prize is unusually large in comparison to the price of tickets. In every instance where large prizes are offered for small cost of tickets, it is a sure sign of fraud.

The Kentucky State Lottery for the benefit of the Society College, under my management, is the only lottery in the United States which is fairly decided by the Maryland Drawings; all other Lotteries which pretend to be decided by the Maryland Drawings are frauds.

THE MARYLAND STATE LOTTERIES.

Purchase in the Maryland State Lotteries, then you are sure of being right. And in ordering in the Maryland Lotteries you are sure of fair and honest drawings.

On taking back to, and that is, if you order from any dealer and vendor in Baltimore, do not receive any but Managers' Tickets and Managers' Printed Certificates of Packages. The Managers' Certificates have the numbers printed, and have the lithographed signature of R. France & Co.

No one has a right to sign his individual certificates, and if he does it, be sure there is a fraud at the bottom of it.

R. FRANCE & CO.,
117 Managers of Maryland State Lotteries.

LOTTERIES.—The Lotteries of Samuel Swan & Co., are chartered by the State of Georgia, and have sworn commissioners appointed to superintend their drawings, and certify that everything connected with the same is done in a strictly honorable manner.—They offer to the public a fair opportunity for investment, the interests of parties at a distance being as well protected as though they were present. The managers would respectfully call attention to the fact that all persons have a legal right to send orders for tickets to Georgia, as the lotteries of Samuel Swan & Co., are authorized by the Legislature of that State. A lottery will be drawn every Saturday throughout the year, all orders received being filled in the drawing next to take place after the same comes to hand. According to the scheme one ticket in every ten must draw a prize. Tickets are $10; halves, $5; quarters, $2.50. No tickets sent unless the money accompanies the order. The drawings are upon the principle of one number on each ticket, and are so simple that none can fail to understand them. There is no combination of numbers to mislead the buyer. Prizes vary from $40 to $30,000; every prize being drawn and result of drawing forwarded to all purchasers.

☞ A list of the numbers that are drawn from the wheel, with the amount of the prize that each one is entitled to, will be published after every drawing, in the following papers:—Augusta (Geo.) Constitutionalist, New Orleans Delta, Mobile Register, Charleston Standard, Nashville Gazette, Atlanta Intelligencer, New York Weekly Day Book, Savannah Morning News, Richmond Dispatch, New York Dispatch and Paulding (Miss.) Clarion.

Prizes paid in full—no percentage deducted from prices as in other lotteries.
All communications strictly confidential.

LOTTERIES.—The well known Maryland Consolidated Lotteries, of which R. FRANCE & Co. are the managers, are chartered by the state of Maryland, and a commissioner elected by the people, who is sworn to superintend and certify that everything connected with them is done in a strictly honorable manner, and that the interests of parties who reside at a distance are as well protected as if they themselves were present at the drawing. Another fact which the managers call attention to, is, that all persons have a legal right to send orders for tickets to Maryland, as lotteries are legalized by special law in that state. A lottery is drawn every day in the month. If no particular class is named, orders are filled in the first drawing to take place after the communication comes to hand. The prices of tickets vary from $1,00 to $20.—No tickets however, sent unless the money for the same is received with the order. The drawings are upon the principle of one number on each ticket (after the Havana plan), and Tenary combination. Prizes vary from $20 to $30,000. All orders for tickets or packages will receive prompt attention, and the drawings mailed to all purchasers immediately after it is over. Address

MEDICINES.

"Buy Me and I'll Do you Good!"
Now is the time to use the Great Spring and Summer Medicine.
Dr. LANGLEY'S ROOT AND HERB BITTERS.
Composed of Sarsaparilla, Wild Cherry, Yellow Dock, Prickly Ash, Thoroughwort, Rhubarb, Mandrake, Dandelion, &c.,—all of which are so compounded as to act in concert and assist Nature in eradicating disease.

The effect of this medicine is most wonderful—it acts directly upon the bowels and blood, by removing all obstructions from the internal organs, stimulating them into healthy action, renovating the fountains of life and vigor, purifying the blood, cleansing it from all humors, and causing it to course anew through every part of the body. They cure and eradicate from the system Liver Complaint—that main-wheel of so many disease—Jaundice in its worst forms, all Bilious diseases and Foul stomach, Dyspepsia, Costiveness, Humors of the blood and skin, Indigestion, Headache, Dizziness, Piles, Heartburn, Weakness, Pain in the Side and Bowels, Flatulency, Loss of appetite, and all kindred complaints caused by a torpid or diseased Liver, a disordered stomach, or bad blood, to which all are more or less subject in spring and summer.

If taken in its early doses, fever and ague may be broken up and cured at once. This has become a standard medicine, and is decidedly the *best* the world ever saw.

Price only 25 cents for the pint, and 37 1-2 cents for the quart bottle.

Sold by all our prime dealers everywhere.—Orders should be addressed to J. O. LANGLEY, Proprietor, 11 Marshall street, Boston, Mass.

Also, by HAZARD & CASWELL.

The following remedies are offered to the public as the best, most perfect, which medical science can afford. AYER'S CATHARTIC PILLS have been prepared with the utmost skill which the medical profession of this age possesses, and their effects show they have virtues which surpass any combination of medicines hitherto known.—Other preparations do more or less good; but this cures such dangerous complaints, so quick and so surely, as to prove an efficacy and a power to uproot disease beyond any thing which mankind have known before. By removing the obstructions of the internal organs and stimulating them into healthy action, they renovate the fountains of life and vigor—health courses anew through the body, and the sick man is well again. They are adapted to disease, and disease only, for when taken by one in health they produce but little effect. This is the perfection of medicine. It is antagonistic to disease, and no more. Tender children may take them with impunity. If they are sick they will cure them, if they are well they will do them no harm.

Give them to some patient who has been prostrated with bilious complaint; see his bent-up, tottering form straighten with strength again; see his long-lost appetite return; see his clammy features blossom into health. Give them to some sufferer whose foul blood has burst out in scrofula till his skin is covered with sores; who stands, or sits, or lies in anguish. He has been drenched inside and out with every poison which ingenuity could suggest. Give them to him whose angry humors have planted rheumatism in his joints and bones; move him, and he screeches with pain; he too has been soaked through every muscle of his body, with liniments and salves; give him these PILLS to purify his blood; they may not cure him, for, alas! there are cases which no mortal power can reach; but mark, he walks with crutches now, and now he walks alone; they have cured him.

Have you the less serious symptoms of these distempers, they are the easier cured. Jaundice, Costiveness, Headache, Side ache, Heartburn, Foul Stomach, Nausea, Pain in the Bowels, Flatulency, Loss of Appetite, King's Evil, Neuralgia, Gout, and kindred complaints all arise from the derangements which these PILLS rapidly cure. Take them perseveringly, and under the counsel of a good Physician if you can; if not, take them judiciously by such advice as we give you, and the distressing, dangerous diseases they cure, which afflict so many millions of the human race, are cast out like the devils of old—they must, forsooth, like the brutes and in the sea. Price 25 cents per box—5 boxes for $1

HOWARD ASSOCIATION
PHILADELPHIA.

A Benevolent Institution, established by special enjoyment for the relief of the sick and distressed, afflicted with Virulent and Epidemic diseases.

TO all persons afflicted with Sexual Diseases, such as Spermatorrhoea, Seminal Weakness, Impotence, Gonorrhoea, Gleet, Syphilis, the Vice of Onanism, or Self-Abuse, &c. &c.

The Howard Association, in view of the awful destruction of human life, caused by sexual diseases, and the deceptions practised upon the unfortunate victims of such diseases by Quacks, several years ago directed their consulting Surgeon, as a Charitable Act worthy of their name, to open a Dispensary for the treatment of this class of diseases in all their form and to give Medical Advice Gratis, to all who apply by letter, with a description of their condition, (age, occupation, habits of life, &c.,) and in cases of extreme poverty to Furnish Medicines Free of Charge. It is needless to add that the Association commands the highest Medical skill of the age, and will furnish the most approved modern treatment.

The Directors, on a review of the past, feel assured that their labors in this sphere of benevolent effort, have been of great benefit to the afflicted, especially to the young, and they have resolved to devote themselves, with renewed zeal to this very important but much despised cause.

Just published, by the Association, a Report on Spermatorrhoea, or Seminal Weakness, the vice of Onanism, Masturbation or Self-Abuse, and other Diseases of the Sexual Organs, by the consulting Surgeon, which will be sent by mail, (in a sealed envelope,) free of charge, on the receipt of two stamps for postage.

Address, for Report or treatment, Dr. George R. Calhoun, Consulting Surgeon, Howard Association, No. 2 South Ninth street, Philadelphia, Pa. By order of the Directors.

SPANISH GOLDEN MIXTURE.
For Females.

THIS elegant vegetable compound has long been used by the Spanish ladies, for regulating the derangements of the female system and for improving the general health and beautifying the complexion. It is a warm, line stimulating and tonic cordial; enriching and purifying the blood, quickening the circulation, imparting color to the lips and cheeks, efficacy to the eyes, and a clearness and fineness to the complexion not attainable by other means.

As a Female Medicine it has no equal. It will remove female obstructions when all other remedies have failed, and a few doses taken for one week before the monthly period will prevent all obstructions from any cause whatever. This may seem incredible, but try it. If it fail in any case the price will be refunded. Sent to any part of the country. Price $1.00 per bottle.
